University of Colo. UFOGROUP now needs \$220,000 MORE! Total to date: - 520,000 - and I do mean \$\$! BULLETS bouncing off a saucer ----- that's what I call a MATERIAL MANIFESTATION!.... GEORGE FAWCETT'S SAUCERIANA COLLECTION was to have been placed on permanent exhibit at the Smithsonian Institutes - National Air Research Museum in Wash. CANCELLED due to UFO 'policy' differences!.... FLASH!!! A NEW FUEL HAS JUST BEEN INVENTED TO PROPEL A 'GENUINE SAUCER'! (Scoop tells all!) - FUEL IS- KEROSENE! (an atomization of the vapor of kerosene starts a small engine, we are informed, then static electricity takes over and is controlled by an "ohm" switch. Whatever-that-is!) RAY STANFORD - who wrote the saucer book "Look UP" in 1958 - says that he has personally talked to George Adamski's film processor - and says that Adamski's "scout ships" are cutouts - illuminated, by of all things, a flashlight!Also..... That A. became interested in UFO'S in 1929 - that was the year Congress repealed prohibition and put Adamski's bootlegging business out in the street! STANFORD also made some rather startling statements concerning the landing at Socorro, N.M. ALL THE STATEMENT THAT HE HAS SAID ----- for print----- IN SCOOPOPINION ----- should be PROVED... THIS I WANT TO SEE! It is very easy to talk about the dead.. they (in most cases) cannot defend themselves! But- IF I were Stanford - I would keep an eye out for a restless Adamski!!!..... SCOOPRECEIVED A ... very good manuscript concerning UNDERWATER UFO'S.... It is a shame that the UNKNOWN AUTHOR - un-named deliberately - also un-return addressed - did not have the courage of his convictions!!! PS! I DO read you loud and clear on the POSTMARK - however!WHOOOOOPS!! MONSTERS again!! This time in Maine! Biddeford, to be exact! SKELETON estimated to be or to reach 25 ft. in length - with SHREDS OF FRESH FLESH clinging to the bony remains!... SPEAKING OF FREAKS... The American Museum of Natural History, which recently displayed 3 LIVE PINK GRASSHOPPERS --- reported that it has something even rarer! - a LEMON YELLOW GRASSHOPPER-- green eyes and its wings are the color of maize! The insects are MUTATIONS, the Museum says..... SOMETHING is EATING CATS in Missouri! Eats around the edges, too!!

Leaves the head and four paws.(SCOOPPOOP has it that OTHER ANIMALS do not relish the taste of CATMEAT!) Same source told of a 'hairy monster-type being seen there in 1920 - also a landing in 1906!!!!!! FLASH!!! ENGLAND'S B.U.F.O.R.A. NOW BOASTS A BRAND NEW MEMBER!!!!!! (or should be by the time you read this!!! Quote--" Dr. Edward Condon of the University team investigating UFOS on behalf of the United States Air Force has applied for BURORA MEMBERSHIP"....) One of the largest of the American National UFO groups is now in serious initial financial trouble. SCOOPSAYS: Perhaps if they had bothered to write BACK to the hundreds of citizens who wrote them - and they filed the letters in the ROUND-file?? Could be too late and too little by this time----- MAYBE SOME COULD GET A JOB AT: ADELAIDE, AUSTRALIA ----- where there is a veddy-veddy SECRETSPACE and DEFENSE effort going on! /// 1,000 miles out in the desert at ALICE SPRINGS/// I WANT TO::::: Meet the man who put an ad in a SPRINGFIELD, MASS. publication which read - "LOOK AT THE MOON--- TOMORROW MORNING from 1.34AM EDT to 1:36 AM - Aug. 28, 1967 ... THAT IS WHERE THE EARTH WILL BE -- 3 hours & 52 minutes later! This is an OCCUPANCY - NOT AN ECLIPSE" WOW!!!!!!

EDITORIAL COMMENTS

"PSYWAR"

I am going to borrow this term from the Military, who designate it's meaning as a psychological duel - between two or more opposing factions. The UFO Field, as it stands today, is in grave danger of losing this war - the war between Truth and UNtruth.

The latest survey of all reports coming across this desk are quite alarming in nature. They are now outstepping the bounds of pretty little silver flights - or even of pretty little landings. In fact, the very latest of reports is NOT in the least 'pretty'. Nor do they contain horrible burns - the point is - they are leaving no OUTWARD MARKS AT ALL. Only inward ones.

The cases that I am referring to are the brand-NEW 'Mental Contact' cases. Not the 'old' and historical type of contact - where man meets man-God. But the soul-searching, 'voice in the head' type of encounter. Not that that particular form has never been noticed before- but- they were few and far between. Apparently 'others' were testing that form of 'communication'.

Take one normal human being- male-type, with a good background and education, a family and a good job with possible governmental overtones. Then place the male-type driving down an ordinary road at an ordinary time of night. Suddenly, from within his own head he hears a strange voice! A male voice. A voice that should have NO possible or probable reason for being there. A voice telling him of things that this man has never even heard of before - much less did any thinking about. This is NO joke. This is happening NOW..... This man did NOT ask for 'mental messages' - he did not go to any class in order to learn to communicate - he was never THAT much of a religious-type that he would give up his job to go galavanting around the country on a religious 'mission'. Yet- after the 'contact' this is just what he does. His 'sermons' all sound alike ----- as if they were learned by ROTE. Which they probably were!! ROTE of a type that we are just now learning about.

To me, personally, my opinion has always been that God gave us two hands - two feet - and a free will. The will to decide for ourselves if a venture is 'right' or not. We must stand or fall on what we ourselves decide or do - this is the Judgement in my opinion..... I would like to feel that it is ME, alone, who is responsible for what I do.

NOT AN OUTSIDE AGENT - SPEAKING IN A STRANGE VOICE - IN MY HEAD - telling me what to do! This is, in my opinion, MENTAL RAPE.....

Theodore Gordon, of Douglas Space Systems states: "Psychological, chemical, and physical techniques will give man the ability to control behaviour of other men without force." "We may find drugs that destroy the will to resist (by 1977), invite forgetfulness, provoke artificial courage/" "Pleasure centers in man's brain can be triggered by electricity impulses - man may be wired to be happy." All this he predicts for the year 2000AD. I predict it is NOW - but- by WHO????????????

Worldwide Network of 30,000 Observers - The August 19, 1967 issue of the American magazine Science News published an article about flying saucers and re-entering satellites. This concerns a spacewatching organization called the VOLUNTEER FLIGHT OFFICER NETWORK. Today 68 Airlines make up a NET, 50 of them outside the United States. VFON now represents almost 30,000 flight crew members who fly almost two million miles of routes. There have been reports submitted on re-entering space objects, satellites, meteors, fireballs and UFO'S. VFON hopes to get all flight crewmen carrying cameras so as to obtain photographic evidence. In the future, VFON will be able to relate reports more quickly by means of teletype using an already existing linkage that connects most of the world's major airlines.....

La Spezia, Italy - A 16th Century unidentified flying object was reported in a manuscript found in La Spezia's public library. The chronicler, Antonio Cesena, wrote in 1558 that peasants in two separate areas saw from time to time " a strange disc, changing from yellow to red, and with red fireballs shining beneath it.".....

UFO Follows Train - (Investigation conducted by Dr. P.M.H. Edwards, C.A.P.I.C.) "The train had just left Revelstoke, Alberta (destination Winnipeg) and was slowly picking up speed. It was 3AM and, to my knowledge, I was the only one awake. It was very clear outside.... Suddenly I saw this large, orange coloured object emitting, in a continuous band about it's middle, various brightly coloured lights - red, green, yellow and white. The lights seemed to shot out from the object in all directions. These lights and the object itself were incredibly bright, so much so that it pained my eyes to look at it. The object did not seem to be revolving. It remained motionless and made no sound that I could hear over the noise of the train, and was perfectly round. I would estimate it was about 350 ft. away and about the size of this room (9x14 ft.) I felt no prickling sensation, but did feel quite warm, whether this was due to the close proximity of the object or my excitement I do not know. However, this feeling left as soon as the object disappeared...I am absolutely positive of what I saw, and no one can convince me otherwise, because I did see it and it's size and shape were most unusual.".....

Reporters see eerie 'UFO' - June 9 - 67 - At least 20 Johnson County-ians last night reported to county officials what was believe to be a UFO. Two other Daily News reporters and I were among the persons who viewed the 'thing', whatever it was.

U.S. Weather Bureau officials in Kansas City, Richards-Gebaur AFB officers and operations personnel at Olathe Naval Air Station said they could NOT account for the object. The weather bureau said it had not launched any weather instruments which might be mistaken for a UFO.

First reports to the Johnson County sheriff's office came before 10 o'clock from residents in the Mission area. The object was LAST sighted about 10:45 hovering southeast of Olathe. We first saw it over the Leawood area. It appeared to be a bright red light. Then it would dim. The colors would change, from the bright red to a whitish blueish green to an almost-white. It appeared to be hovering over KUDL radio transmitters at L-35 and 81st. street. Then it headed East. But- only for a moment. It re-traced its path back to the transmitters. It passed over them and continued in a westerly path. ...Heading west, it turned north and the light, still red, dimmed... then - turned around and headed straight south. It seemed about 500 to 1000 ft. off the ground. It's movements were unlike those of an airplane. It was jerky, at first fast, then slow. almost to a standstill...SOURCE: DAILY NEWS - 6/10/67 - Johnson County, Kansas.....

June 23 - 67 - Buffalo, N.Y. (personal report from Mr. Alan Portera - 1702 Colvin Blvd. Buffalo, NY) - " A Buffalo area man observed a tear-drop shaped UFO, this sighting was briefly mentioned in the newspaper. In Niagara Falls on July 29, a pentagon shaped objects, glowing red, green and yellow were observed. Just recently on August 11, my family and I observed two swift UFO'S in flight. They were two constant light sources as they hovered, weaved about, and came dangerously close to each other flying towards the West. Another area man in June photographed a meteor-like UFO near Towanda Creek. A resident in the Northern Buffalo area witnessed a flight of LOW FLYING BELL-SHAPED craft..... " " A very interesting case was brought to my attention recently. Three children while playing outdoors last summer observed a SILVER SATURN-SHAPED OBJECT as it DROPPED brown paper on the ground. I was able to interview one of the children and learned more about the incident--- as they picked up the paper they saw the 'saucer' disappear into the clouds. The child described the paper as "being brown, with RED lettering on it and D/MP. The child stated the letter was similar to an "F" but the rest was unrecognizable. Since the paper was damp- the children threw it away."

July 5 - 67 - Ocean Grove, N.J. - While visiting the beach at Ocean Grove, Mrs. Eleanor Coporina of Hancock Ave, Jersey City, reports she observed a UFO over the water there. The object was disc-shaped with a circular area of darker gray in the center which occupied about 1/3 of the objects diameter. She was unable to say whether or not the area protruded above the craft because of the angle of the view. The disc-shaped object was estimated at least 15 or more feet in diameter, about 1,000 ft. from the shore line.....

The craft was about 80 ft. long he reported. ... "When I fired the second shot, its lights went out. But it was light enough around here that I could still see it as a dark object. Then it started going almost straight up as I kept firing, and then it was sped out of sight in a westerly direction toward San Pedro".

July 26 - Slagelse, Denmark - "My wife and I were looking at the TV about 10:05 PM, my wife was sitting some distance from the window in a corner of the sitting-room, I near the window, but had not noticed anything before my wife saw a bright light in the sky. We went to the balcony to get a better look at it, there was about 13 brightly shining round objects which were the size of a dessert-saucer, I estimate. They stayed in the sky for about 5 minutes then they disappeared one by one. The height I will estimate at about 6 miles. At 10:45 PM they returned two and three at a time. I woke up my daughter so that she could also have the wonderful sight. I have been told that neither military nor ships at the moment had sent anything up."

July 31, 67 - New York - A Flying Saucer LANDING in Churchville is about as likely as an oil strike in Rush or a democrat getting elected in Chagrin Falls, Ohio! Yet, the Sheriff's Department has on file a report that a saucer did, indeed, touch down on Churchville soil earlier this week.... Sidney Zipkin, 50 year old guard at Churchville Park, gave this report to Sheriff's deputies..... While making rounds Monday night at 10:15 PM, Zipkin came across a mysterious craft in the MAIN PARKING LOT off North Main Street. It was about 50 ft. long and round in the center with extended sides that gave it the shape of a fat cigar. Darkness prevented Zipkin from distinguishing the color, but he saw green lights underneath. Zipkin stopped his truck about 100 feet away, training the headlights on the craft. As he gaped in disbelief, TWO MIDGET-LIKE MEN, dressed in shiny, black uniforms, ran past the truck and boarded the saucer. Within a minute it ascended vertically until the green lights disappeared into the black Churchville night.

East Hartland, Conn. - Sept. 1 - (date of paper) - A Jet pilot's wife in East Hartland saw a FLYING PLUS-SIGN at about 3 AM today in eastern skies. At about the same time, four Hartford policemen saw unidentified flying objects over Pope and Goodwin Parks. One officer said it looked like a bright flashlight 1,000 to 1,500 feet up. ... Mrs. Joy looked out a bedroom window facing east and noticed a large yellow glow towards Windsor Locks. She heard a low hum, much fainter than that of an air conditioner. He got a pair of 7 power binoculars to study the object better and that's when she noticed the PLUS-SIGN, made up of porthole-like lights. The center dot was a bright yellow-orange, she said. The two dots in each arm were like light bulbs..... The Hartford sighting over Goodwin Park was made first by Policeman John Tyszka at 3:15 AM. He was joined by Policemen Ronald Sheldon and Dudley Pappas. Tyszka said the three of them watched for an hour as "a ball all lit up" passed eastward over the park, made a U turn and went by again. MYSTERY ROBOT SEEN ROAMING TALCOTT MOUNTAIN !!!!! (From the same dispatch from Mr. George Early in the preceeding reports).....
AVON (SPECIAL) - Three separate reports of a robot or spaceman clad in a silver reflective suit were received by Avon Police here Sunday night and Monday. Police said the first call came from a motorist about 11:30PM Sunday who saw what he described as a robot or spaceman trying to stop cars on top of Talcott Mountain on Rt. 44. Two other calls reporting the same incident were subsequently received by police. According to reports the "spaceman" was standing on or near the highway in a one-piece silver suit that covered its face hands and feet. The "spaceman" had a helmet or hood over its head and the face was completely obscured. Reports said the hood was of a reflective, metallic material. Motorists said it appeared to be trying to stop cars, although it moved stiffly and awkwardly. Avon police went immediately to the scene but found no trace of the mysterious "robot" after a thorough search of the area.....

AVON - Sept, 6 - 67 - (date on paper) SAME SOURCE AND CREDIT -

Three Avon residents reported Tuesday that they saw the SAME ufo at DIFFERENT TIMES over the weekend. George Rogers, of 156 W. Mountain Rd., said he and his wife saw " a solid, bright shining light - yellowish and cigar-shaped - circling around Avon Mountain" Saturday about 10PM. A neighbor, Mrs. Robert Chirgwin, told them she saw the same thing from her porch about 2AM Tuesday, they said. The Rodgers said they were in their car on Simsbury Rd., facing the mountain, and watched the cylindrical light for 5 to 7 minutes. Something appeared to fall away from the tail of the object, Rogers said.....
SCOOP NOTE: IF Mr. Earley did not have too much to do BEFORE all the above happenings (!) (which I know he was extremely busy) he sure has his work cut out for him now! Sounds from here like he has a grounded Saucer - a grounded Saucer-Pilot- and a rescue mission to investigate! A 'search and seek' affair. Mr. Earley sent the following which states that Ted Thoben of West Granby, an investigator for the Conn. affiliate of the National Investigations Committee of Aerial Phenomena, has contacted the University of Colorado UFO investigating group which studies sightings under a federal grant. Hartford police said a member of the Colorado group had contacted them Friday for confirmation of their sightings.

THE ASTONISHING REAPPEARANCES OF THE MAURY ISLAND
AND
RED BLUFF SAUCERS
BY
KENNETH LARSON

The following report came from Seattle, Washington, on June 4, 1967. The data had been compiled by Gary Lesley, UAPRO, Auburn, Washington. Deputy Sheriff T. C. Allsman said that 15 persons has seen UFO'S in the vicinity of Maury Island, Washington. The first sighting he knew about occurred on April 7.

"The animals have just gone completely crazy," he said. horses, cows, dogs and ducks have been running around." The disturbed animals have been in the areas where UFO'S were reported. Some of the sightings were around radio stations and NIKE missile site.

This particular report is very unusual. In fact, it is only one of several highly unusual UFO sightings. The reason for this excitement involves the location of Maury Island. In his book called THE COMING OF THE SAUCERS, Kenneth Arnold told about the UFO'S over Maury Island, Wash. However, the date was June 21, 1947! In other words, almost 20 years before the Maury Island events of April and May, 1967.

According to Arnold, the 1947 UFO'S reportedly dropped some pieces of metal on the beach at Maury Island. Three days later, while flying near Mount Rainier, Wash., Arnold reportedly saw nine UFO'S flying in echelon (June 24, 1947). These episodes became "classics" and generated a great amount of controversy. The only reasonable conclusion is that these 1967 UFO'S have some relationship to the 1947 Maury Island saucers. The animals seem to have been affected by some type of unknown-energy -- possibly electro-magnetism. (In this case it is interesting to note that on Nov. 2, 1957, huge, egg-shaped objects landed on the highways and fields around Levelland, Texas. Local police and highway patrol officers said that the objects cut out the lights, radios and ignitions of passing motorists. (Los Angeles Times and Lubbock, Texas, Avalanche Journal).

However, get set for another surprise! On Nov. 24, 1896, a cigar-shaped object flew over San Fransisco, California. A few minutes later, a similar object flew over RED BLUFF -- about 162 miles to the north. From these facts it has been deduced that when the UFO left San Fransisco it followed the Sacramento River up to RED BLUFF. This writer has estimated that this object may have had a velocity of around 1900 miles per hour! But -- this isn't all! Another UFO hovered over Corning, Cal. on August 13, 1960. Corning is only 18 miles south of RED BLUFF.

CONTINUED
NEXT PAGE

This particular object was sighted and chased by two policemen (San Francisco Chronical, Aug. 17, 1960). Almost seven years later on July 4, 1967 -- two other policemen sighted a UFO hovering over the SAME site of Corning, California! In fact, that report was published in the August 4, 1967, issue of TIME magazine. The policemen were Officers Jim Overton and Frank Rakes. Jay Munger, a bowling alley manager, said that the object had a shape like a big cigar and a color like aluminum. (And, of course, the 1896 UFO had a cigar shape!)

"It had a huge white light on the top, very bright," Overton said. "Down at the bottom it had a smaller light. Around the center of the object there was a band, a kind of paint or metal..... Then as we walked it suddenly began to move. It moved with a most terrific burst of speed."

After seeing the nine disks near Mount Ranier, June 24, 1947, Kenneth Arnold estimated a velocity of over 1,700 MPH. This was far above the speeds of any known plane in 1947. Furthermore, Capt. E. J. Smith and co-pilot Ralph Stevens of United Airlines said they saw nine UFO'S near Boise, Idaho, on July 4, 1947. EXACTLY 20 years later, July 4, 1967, the two policemen saw the UFO over Corning, Ca.. 7 years earlier, two other policemen saw another UFO over Corning. And on Nov. 24, 1896, witnesses saw a cigar-shaped object near Corning and Red Bluff. This writer considers these new sightings some of the most unusual and thought-provoking of the past 20 years! They seem to Validate or justify the Mount Rainier, Maury Island and Red Bluff reports of 1896 and 1947. However --- there is one more item!

According to ARNOLDS book, the Maury Island saucers reportedly dropped some metal pieces on the beach. A recent sighting from Sjellands Odde, Denmark, involved a flying saucer at low height (1967)... Two boys said that the object had dropped some metal pieces on the beach! The boy's maintain that the object dropped to the ground and 3 legs came out. Eight persons reportedly came out thru a hole in the bottom -- and some of them waved at the two boys.... The VITAL POINT concerns the exchanges of WAVES--- because a similar episode happened at Papua, New Guinea!

On June 27, 1959, Father William Booth Gill and 37 other witnesses saw a UFO hovering over the beach at New Guinea. Four occupants came out on top of the craft, and a blue light beamed upwards at a regular interval. Father Gill said that he and other mission members waved at the four beings -- and the humanoids RETURNED their waves! In fact, the object almost landed. In his 8 page report, Father Gill said that he thought the UFO had been occupied by extra-terrestrial beings! 000000000000

FLORIDA REPORTS

ARCHER, FLORIDA - July 12 - 67 Mrs. Evelyn Anderson reported a round saucer-shaped object, making a humming sound "like a vacuum cleaner" about 30 feet in diameter, which had red blinking lights around its outer edge and a dome with a light on its top, which hovered over her home at tree top level for over 15 minutes at 11PM at night. Several other neighbors either heard the sound or reported seeing the light given off by the mystery object. This UFO also interfered with her TV reception and cast an intense green light on the ground and on her home. It finally moved straight up and disappeared. It returned 30 minutes later and repeated the performance for a total of 3 minutes longer, before it left the area on its final flight towards the direction of Williston. Other recent UFO encounters in St. Cloud and Miami are currently under investigation. Sightings in New Smyrna Beach, Ormond Beach, Orange City, Venice and Hollywood....

July 13 - Lake Helen - Nine eyewitnesses reported a UFO near their home at Route #1 - Deland, Fla. The group consisted of four adults, Mr. and Mrs. Horace Pope and their children, and Mrs. and Mr. Paul Smith and their children. The reddish-ornage circular saucer, gave off a yellow glow, which lighted up the treetops behind their home. The eyewitnesses watched the object from 10 to 20 minutes, as it hovered above the ground at 10:30PM. As the object pulsated it gave off a "puff of smoke" from the top of the object, which was located near Cypress trees and a nearby pond. Most of the sighters agreed that the object came down from the sky and then rose up, hovered, and then finally disappeared after its light were turned off. The object appeared in the Northwestern sky and made no sound, but was huge in size. CREDIT: Mr. George Fawcett - PO Box 298, Deland.....

July 26 - Sarasota - (Personal report by Mrs. June Bartholomew -
2804 Parandor Place, Sarasota, Florida)

"We saw at 10:20 PM, looking North and low in the sky, three objects. One bright white one was the size of a large star, and it was followed by two red ones - ball-like in shape -. The red 'balls' were pulsating and then they sped up to the white object - which seemed to be stopped, waiting, for them. Then they all took off together! There was NO noise. My comment - Not any US aircraft aht I've ever seen!..... On August the 17 and 18 at about 9PM, I saw, along with my son and grandson - a White 'ball-like' object going very erratically - up and down and around then FLICK out! I have also heard of other reports from the same area just like mine..... Then on August 27 - at 10:19 PM, I saw 2 red-orange ball-like objects -not attached - and pea sized - going along about 55° in the East... Theye were erratic as if they were playing around! No sound..... At 10:35 PM same night, the same thing repeated itself.... they glow-ed. It was an awesome sight!.....

Brooksville, Fla. - August 21st- Golden and green ball-like objects flashing quickly, then going rapidly out, were reported in the area of the Rock mines near the home of Mrs. Ralph Lewis - Box 380 - Brooksville. Reports came from several different individuals on the following nights after the 21, the 24th, and the 31st. of August. Some of the flashes seen in the Rock mine area were described as being "almost code-like" in nature. They had a definite pattern...

Sept. 5 - Brooksville - Mrs. Lewis had reports of ball-like objects going East to West, "moving back and forth as if a pendulum". They were whitish-yellow in color.

Sarasota - Sept. 5 - (personal report) Pat Kern - 1227 11th. St.) Time- Midnight - 5 objects in a U shaped formation appeared in mid-sky. Each one of them was the size of a "common pin". Her calculations are that they were NOT MORE than 500 feet up and were the "3 ft. size". They made a sound like "rushing" or the sound of a child's toy top while spinning. They were oval in shape and dull metal in color. They were seen against the darkness of the Eastern sky.

Sept. 9 - New Port Richey area - Mr. and Mrs. Jerry Lewis of Casson Heights - reported that they observed a white, ball-like object - like a "silver headlight" stationary or hovering at first. Then going back towards the South. It was in view aprox. 5 minutes. It was definitely not a conventional craft according to the witnesses.....

New Port Richey and Port Richey - Sept. 12 - Reports came in from several on white or silver colored ball-like objects to Mr. Wallace McNeil - Rt. 1 - Port Richey. These were always reported as going from East to West and very low in the sky. Reports on the same date also were coming in from Brooksville. Same type of object and aprox. same time. On Thursday the 14th - Reports were coming in from St. Petersburg and surrounding areas of the same type of white-silver objects - ALWAYS reported as going East to West.....

Sept. 10 - Brooksville - Mr. John Reeves reported seeing a bright golden object that was "round as the moon" going from N to S.. It had appeared low in the sky and had aroused his dogs which woke him. SEPT. 10 - Mrs. Marcile Ganley - Brooksville - reported a golden, very bright object in the East looking like a "pendulum" going up and down - back and forth - then went straight up and suddenly SPLIT then it was 2 golden objects - then disappeared. There was No sound. Her son also witnessed this. This was early in AM while still dark.. On that afternoon Mrs. Ganley, her son and his family witnessed at aprox. 2:45 a huge CIGAR-shaped object that was "tapered at both ends" and silver in color. It came in very low level - barely above the tree tops, and was quite visible as to no wings, etc. It made its way slowly behind some trees to the North - and disappeared.....

INTERNATIONAL DATELINE IUFOB INVESTIGATIVE BRANCH SAUCER SCOOP

The editor and the staff of SAUCER SCOOP are now announcing that an INVESTIGATIVE BRANCH has been opened under the direction of Mr. Robert Stiff - 4305 N. Miller, Oklahoma City, Oklahoma. This Office will conduct SPECIAL investigations exclusively for SAUCER SCOOP. Also at this time we are announcing the affiliation of the IUFOB to SCOOP. We are most happy and proud that Mr. Stiff has thought enough of us here to become 'Partners'.

Mr. Stiff has also assumed the post of our SUBSCRIPTION DEPARTMENT. Although subscriptions will continue to come in as always - as under previous set-ups - he is going to undertake the advertising responsibilities for new accounts.

The Directors of our other BRANCH OFFICES are now requested to contact Mr. Stiff as to the co-ordinating of a smoothly running subscription department. The pre-existing agreements are STILL IN EFFECT. With the new Postal Regulations and price increases an all out effort will be started to insure the regularity of our readers receiving their SCOOPS. Revenues MUST be increased in order to meet the new demands of Post Office and the office supply stores! We also announce now that as of the October issue ALL overseas subscriptions -NOT INCLUDING CANADA OR MEXICO - will be increased to \$4.50. In order NOT to have to raise the regular subscription price of SCOOP - the effort will be made to increase the circulation INSTEAD of the PRICE.

That the UFO'S are real; and that they are here for purposes of their own, is obvious to any individual willing to approach the phenomena with an open mind. IF NOT - then WHY the harassment of prominent UFO authorities?? WHY the closing of several of the SAUCER SCOOP-IUFOB offices suddenly, without notice? The privacy of them ail is no longer sacred and telephones have become objects of distrust. Wild imagination?? A most definite, and sad, NO!!!! We have reacted the point where the serious study of UFOS has become a battle, where private means of investigation is no longer possible. ONE man cannot stand up against the ever-growing tide of opposition now being hurled against recognized Organizations. Hence, many of your major groups have merged to prevent what has recently happened to many others - from happening again, and to US!

Though, by nature, one must have positive proof before any shred of belief can be produced, I have never the less, been confronted with evidence that a few of the "WILD" contactee stories may be, in fact, BASED ON FACT. That the aura of laughter built up around persons claiming contact with aliens has been a DELIBERATE action on the part of those that would have the truth withheld from the public. Again--- the big question --- WHY? What is there about UFO'S that must be kept silent --- not to be disclosed? What path are we, as Ufologists, following that is evidently leading to something IMPORTANT, that we must all be QUIETED? That has been done many times before and is continuing as I write this column?

CONTINUED

The INTERNATIONAL UFO BUREAU has always maintained close relations with Saucer Scoop. Then, the result of interference, we were close to dissolution and fighting to keep going. The plans to publish a new magazine have had to be dropped and a closer network of cooperation established between our two organizations. As a result, the affiliation between us promises to make one - that will be most difficult to QUIET. One that will fight to preserve the right to publish the TRUTH -- No matter how hard it is to TAKE!

While pleas for help are most common to any subscriber of UFO publications, we, too, make an urgent request from you, our readers. Help us to preserve the truth, help us make SCOOP one that cannot be shut down without raining the lid off what ever government - or OTHERWISE agency it is that seems determined to do just that. How can this be done? NO - We don't ask for donations!! or hand-outs!! THAT IS NOT OUR POLICY - nor will it ever be! Instead --- let any interested person know that SCOOP is here and that we present the latest news in ufology circles. Help us keep going, because without your help, another lid may clamp shut and one more source of UFO information may disappear. Impossible???? Don't kid yourself!

The next few months may well prove what I have just said. HELP keep truth in print, and help yourself at the same time. If you do NOT care, and won't help, when it does happen - you can always say - I DID read it in SCOOP.

DATELINE: SAUCER SCOOP ARGENTINA BRANCH OFFICE - On July 23, a Mrs. Carlos Molina reported sighting a cigar-shaped object hovering over the Seacoast near Puerto. As she was walking toward her home she heard a "chugging" noise and looked up to see the cigar-shaped craft. The machine was "wobbling" and seemed to be in trouble. Although terrified, she stood there for several minutes and watched as the craft continued to behave straggely, then start to emit smoke from near the "rear" of the ship. She reported that the UFO started moving in a jerky manner, picked up speed, began jerking more violently then - to her amazement - plunged into the sea. She ran to her home and reported what she had seen to her husband. Together they went to the site..and Mr. Molina stated he could see a "metallic" object perhaps 30 yards offshore, beneath the waters surface. They watched for awhile, then left, expecting to report to local authorities the next day. During the night, the couple were awakened by a noise like - "when one gargles". They rushed out of the house and were 200-250 yds. from the beach when a large, glowing craft rose from the water and slowly moved out to sea! This report was discovered by ANTONIO DE ARTEIGA- Special Correspondent for SS who happened to be vacationing nearby and immediately investigated the case. A more complete investigation is in the process and results will be published in SCOOP. SCOOPNOTE: Because of the announcements this month - the usual reports from overseas were held until the next issue.

THE OLD VALICUS (Reprinted from H.I.N.D. 4916 Franklin - Hollywood)

All mourn the old VALICUS CRAFT which lies with mass dead, beneath a mountain in Copper Basin, Idaho. The VALICUS has a very long history. It was one of the first space craft to come to the EARTH - before and after the Frequency Barrier's creation. The VALICUS was about the size of a Phoenix Craft which are sometimes seen over the Earth today. It carried two Eagle Craft (smaller craft) for defense.

The "CHICKEN FEEDER" or ball joint landing craft which Adamski often showed pictures of, have been improved and streamlined with age and advancement. The SPACE CRAFT of today are far superior to the first ones ever built. Yet, the originals, even if they are millions of years old, still travel the Universe. A SPACE CRAFT, unlike automobiles and airplanes, has few parts to wear out. The propulsion system is as eternal as the Universe. The other parts where humans cause wear on materials and living quarters can be simply repaired. So, just as we have many types and modes of travel to display or look to for our historical progress, the Universe has many types of SPACE CRAFT to look at and consider the ingenuity and progress of man.

The VALICUS was an early granddaddy to them all. Sleek and beautiful, the private craft of the founder of the TRADING HOUSE of the Creator is. There were, and are, many space craft which bear the Creator markings. The interplanetary trade necessitates the fastest and most modern craft which can be designed. The VALICUS was different. It was a pleasure craft, sleek and luxurious. It was a beloved necessity for a man who must travel rapidly and safely to his goals.

..... Several liabilities were known about the VALICUS, and all the old craft of this type and construction. One liability was that heavy lightning affected and damaged the magnetic pole of the VALICUS. Other liabilities were that the atmospheric adjustment from one planet to another was extremely clumsy and slow; and that the vacuuming system did not rapidly remove dust particles and skin shed by the human occupants. Occasionally, the machinery which was used to scope and chart would fail because the particles in the air would upset or hinder its delicate operational balance.

The VALICUS helped make rapid building advancements by finding these problems within itself; and because it did, better and more superior craft were born. However, the VALICUS did not receive these newer improvements..... The VALICUS cruised the Universe for several centuries as a noble and adequate craft. It would be thus today had it not made its first and only trip behind the Frequency Barrier into unstable vibrations which existed nowhere else.

CONTINUED

The Frequency Barrier was then new. Little was known about it's effects when the VALICUS found it necessary to travel to the Earth for it's final journey. The business which brought the craft to land upon the Earth had been concluded. Take-off seemed routine. The VALICUS lifted from the Earth a few thousand feet and then suddenly fell to the Earth with all people aboard dead of electrical shock.

The cause of the end of the VALICUS is not fully known, nor does it matter much since the other craft were far advanced even at the time of its demise. It could have been caused perhaps by the effects of the Frequency Barrier or magnetic fields on such an old craft. Perhaps an unexpected flash of lightening on the pole or a delicate part failure was the cause. What matters is that it once lived and moved in the skies and NOW it is at rest in the mountains which surround COPPER BASIN in IDAHO.

Want to find it? Take a compass or a geiger counter and search.
.... It is there....

(SCOOPNOTE: Well, you intrepid Saucer Hunters! Here is your big chance! But- should you fail to find Old Valicus - try the following location. This time a pyramid!)

QUOTED FROM A RADIO BROADCAST BY JOHN OF BELMONT- BOX 444, Belmont, California.....

"... There is a pyramid in California most people aren't aware of. It's located about 35 miles North-east of Sacramento, California. It's close to a little town called GOLD RUN and it's on the North Fork of the American River at a place called SNAKE HEAD POINT..... Well, the Indian's have legends about this area that it is haunted and whenever they climb to the top of it that they become dizzy..... They claim when you get to the area there is a sort of feeling that you get and whenever you take a compass into the area it will deflect the compass away from it's normal place as you walk around this Pyramid. Also when you go near the pyramid it will stop a watch..... The age of the pyramid as being 91,910 years old.... We finally came across some people who had been in the pyramid. Its underneath the ground. It's not noticeable from above but they say that there are hieroglyphics and writings inside..... How tall is it? Its right around 416 feet. I'm not sure on that. I'd have to look it up again... It's about the same size as the Great Pyramid in Egypt. Most people who investigated it think its a little bit smaller than that, but I think its about that size. It would be 365 feet long. It's covered on one side with lava and it's covered on the top with trees and dirt....."

CAN SCIENCE BE WRONG? BY ROBERT STIFF

Facts have recently come to light that tend to hint as the possibility of a SUPER-CIVILIZATION being on Earth thousands of years prior to what scientists now feel was the good beginning of man. The subject of 'Atlantis', and other so-called legends have now been exhumed and examined. While scientists tend to classify these discoveries into neat, but somewhat irregular, shelves of knowledge, the Ufologist gravitates towards fitting these to suit mysteries that confront him and his immediate interest. The possibility that, perhaps, not all of these stories and claims about underground civilizations being works of overactive imaginations arises when the latest discovery of the Oceanographic world points to a discovery of the Sunken Continent of Atlantis in the SE portion of the Atlantic Ocean!

The discovery of sunken columns with strange engravings in that same general region confuses one who cannot accept anything without some shred of proof. There is the possibility, as some have said, that the people of Atlantis were the ancestors of today's alledged CAVE PEOPLE. While this remains pure conjecture, again we are amazed to hear that evidence has been discovered that shows signs that a RACE OF GIANTS once inhabited our planet! Any connection?

Perhaps, yes! While delving into cases of this nature, one discovers the ancient myth concerning the origin of the Asiatic people. "MYTH" says that the Chinese came to this planet from another world in Space Ships that displayed decorated prows, such as the Viking ships, designed to represent huge dragons. On first glance this appears to be an interesting myth, but, nevertheless, a myth. However, having discounted that as myth - where did the stories come from that told of fire-spewing, flying dragons?!... If imminent dangers were presenting themselves in the guise of a nuclear holocaust, where would millions of people flee..... to UNDERGROUND SHELTERS! Some say the people of Atlantis had a Super-Science and that they destroyed themselves... If so, could this be the solution to the two huge craters discovered in remote portions of the Earth that scientists say could not be the product of anything but a thermo-nuclear war???

LETTERS TO THE EDITOR

... We are planning an annual publication which is to come out in January. There's one for the SNOOPS! SIGNED: Mr. Rod Dyke
Director - UFORC -3521 SW 104th.
Seattle, Wash.....

Dear Rod: Too late for Snoops!
But - here it is!

..... Yep, I got a few of those darn looney letters, but I just ignored them. No matter what you do to try to satisfy someone it isn't enough. I don't blame you for feeling angry ... so am I. It's this crackpot element in the UFO Field that gives the whole business a very bad reputation! As for Venusian Gods, I don't see why UFO'S can't be both hostile and friendly. After all, if they come from all areas of the Universe it seems logical that there would be many different races with different outlooks on life. Some could be hostile, others, not. An Open Letter would do little good, because most people are too set in their thinking. There are very few like you, Joan, ... people who look at ALL sides of the controversy, giving space for ALL opinions and views..... YES, indeed, you certainly DO have the right to put what you want in your own editorial! It's one of the last freedoms we have in this country. Freedom of speech and of the press. SIGNED: Mr. Ron Calais - Director - AOSUAP -
137 Oak Crest Dr. - Lafayette,
La. 70501.....

Dear Ron: YOU say it so well -
I have nothing to add but-----
Thanks for your vote of confidence.

.....Glad to see you got the renewal. SCOOP is getting bigger & better, and I don't want to miss a single issue. What with UAPRO, my growing list of correspondence and additional other activities, I've decided not to publish PN anymore, at least in the form it was and not for several years..... One last thing, I am trying to put together a fairly complete file on the U of Colo. investigation. Have you heard of anything they've done so far? I hear from Mr. Low's office (who, by the way has been in Europe all this month) that the contract with the government will probably terminate in Sept. of next year. That's about all, they won't send a copy of the contract, either. SIGNED: Mr. Andrew Ayers - UAPRO MIDWEST HQ. -
4310 Fee Fee Road, Bridgeton, Mo.

Dear Andy: Sorry to hear about PN - but- UAPRO is one of the best of the best in our field! You can't go wrong with them. As to Mr. Low and his European trip. (!) Read the lead story in SCOOPSNNOOPS again, might contain a clue as to what is going on!

.... By the way, do you know of the Midwestern UFO Reporter? They sent me a copy of the paper -- Most interesting! Brad Steiger writes for it also. I believe that your book is doing very well -many people have had me to buy them a copy and send it to them for they don't get the UFO material that you do in a city..... SIGNED: Mr. Jon McDonald - 304
S. Fairmont St. Pittsburg, Pa..

Dear Jon: The Reporter is excellent and thanks for the word on the book! Still can't buy it here!
